

HALLOWEEN ESCAPE

Once upon a time...

On a dark Halloween night, Candy Land turned spooky. Count Licorice, a vampire, put a creepy spell on the land. It used to be happy, but now it's eerie. There are ghosts, graveyards, and scary candy corn fields. The scariest place is the Haunted Candy House, where candy folks got trapped and turned into ghosts.

Inside Candy Land, our heroes - Witch Queen Frostine, Sugar Plum Fairy, and Peppermint Scarecrow - heard the ghosts' cries for help. Count Licorice locked their friends in the Haunted Candy House. He wanted to rule Candy Land with a mean grip.

The heroes are best friends with special talents. Witch Queen Frostine is wise, Sugar Plum Fairy is kind with magic, and Peppermint Scarecrow is super brave. Their strong friendship made them ready for this adventure.

To win the game, players must enter the Haunted Candy House, solve puzzles, and avoid Count Licorice's traps. They get help from their heroes and use what they've learned to beat the traps.

Their friendship helps them stay strong and brave. Together, they free their friends, break the spell, and bring back the Halloween fun to Candy Land.

"Escape from the Haunted Candy House" is a thrilling game of courage and teamwork. Players work together to win and make Candy Land happy again, defeating Count Licorice.

- 60 Color Cards
- Four player tokens (Pirate, Princess, Ghost, and Superhero)

Setting Up the Game

- Place the Halloween-themed game board in the center of the playing area.

- With the game board ready and your character chosen, you're now prepared to embark on your spooky journey through Halloween Escape.

Gameplay Rules

- Halloween Escape follows the same basic rules as the classic Candy Land game. Players take turns drawing Halloween-themed cards and moving their candy pawns accordingly.
- Draw a card from the stack on your turn, and move your candy pawn to the matching colored space on the board.
- Be prepared for surprises! Some spaces may have tricks or treats that can help or hinder your progress.

Special Spaces

Throughout your spooky journey in Halloween Escape, you'll encounter special spaces that can either aid or challenge you on your path to escape. Here's what each special space does:

Creepy Lantern: Landing on this space forces the player to skip their next turn. Beware of the eerie glow that can temporarily halt your progress.

Cupcake Cavern: When a player's candy pawn lands on the "Cupcake Cavern" space, they get to draw an additional Halloween-themed card, potentially gaining an advantage as they navigate the haunted house.

Candy Cane Lane: The sweet shortcut of "Candy Cane Lane" allows players to move their candy pawn ahead by three spaces, giving them a speedy boost along the path to escape.

Winning the Game

To reach the path that leads away from the haunted house and win the game, you must draw the Halloween-themed card that matches the color of the escape path. Be the first to do so, and you'll become the Halloween Escape Champion, defeating the spooky house and earning eternal glory.
